To that end we have *amended the fees* for the younger age groups so that we can be competitive with other sports and be as affordable as possible.

CEO ANNOUNCEMENT

Far North Coast Baseball Association Affiliating with Baseball New South Wales

I would like to announce the pending affiliation of the Far North Coast Baseball Association to Baseball New South Wales.

BNSW would also like to welcome FNCBA into our program where we are very excited to have their added talents to contribute towards developing our regional, state and national prosperity.

The FNCBA has a very rich history of success both on and off the baseball field so we are very fortunate to have inherited such a dedicated association as theirs. This is another component of our continued growth in our sport in regional areas such as Wagga Wagga, Port Macquarie, Armidale and Coffs Harbour.

In addition to this, Far North Coast Baseball Association have received significant funding from the NSW Government for the re-development of Albert Park in Lismore as a first-class regional baseball facility which will be the envy of the Nation.

The Far North Coast Baseball Association Executive have also acknowledged this investment being made into their baseball home and the changes that are still to come. They also understand it is a significant turning point in their history and are excited about the future of baseball in the Far North of NSW.

The future looks bright!
