

JUNIOR REGIONAL TRANSFER POLICY

PURPOSE

To ensure the continued success and sustainability of the Game played under the Baseball Australia Little League program, NSW Baseball League (NSWBL) wishes to ensure that teams fielded by Clubs in Junior Competitions are as strong, well matched, and viable as possible.

To achieve these objectives, Baseball NSW (BNSW) has adopted this Regional Policy to regulate the system of Players, eligible to play in Junior competitions, moving between Clubs and within Associations.

The intention of BNSW in adopting this Policy is to:

1. Maintain a level of stability in the membership of Regional Associations, Clubs, and teams.
2. Prevent Clubs and Associations from obtaining an unfair proportion of the best and most talented Players.
3. Provide Clubs and Associations with incentives to develop Players, their teams, and the Game in their regional districts.

This **Junior Regional Policy** governs Transfers, separately from the provisions of the existing BNSW Player Transfer Policy. In this instance, where any inconsistency exists between either the BNSW Player Transfer Policy and this Policy, the latter shall prevail, and the former shall to the extent of the inconsistency not apply.

For this policy, players will be considered to be transferring into another team within their 'natural' age group. Any subsequent application to 'play up' in an alternate age group will be considered in line with this policy.

This Policy does not apply to or regulate the movement of:

1. Players in relation to Senior Baseball;
2. Sydney Metropolitan Junior Association competition or transfer requests
