

**2023 Emerging  
Pathway Program  
Information Pack**

## Introduction

The Emerging Pathways Program (EPP) is back and Baseball NSW will be conducting this winter development program over 8 weeks. The EPP will run from mid-July to late August. This winter program will focus on locking down the fundamentals of baseball before progressing into more advanced drills and sessions throughout the eight weeks. This is Baseball NSW's youngest development program and it's targeted to players who are turning/or have already turned 12, 13, 14, or 15 years old in 2023.

The Emerging Pathways Program strives to enhance the skills of club and association-based players, with an emphasis on those who are being exposed to higher performance programs for the first time. Coen Wynne will direct and lead the Emerging Pathways Program and will be assisted by a pool of coaching talent who have experience at multiple levels throughout baseball including NSW State Team Coaches, State League Coaches, and Development Coaching Staff.

We will be conducting the program at 3 venues across the Metropolitan area of Sydney –

**Northern**      Golden Jubilee Field  
Esk St  
North Wahroonga.

**Southern**      Riverside Park  
Riverside Drive  
Chipping Norton.

**Western**      Col Sutton Reserve  
Baulkham Hills Rd  
Baulkham Hills.

## **Trials**

### **The trials for all 3 venues will be held at:**

Diamond 2, Blacktown International Sports Park (BISP),  
81 Eastern Road, Rooty Hill.

### **Trial dates are :**
