

**2024 Emerging  
Pathway Program  
Information Pack**

## Introduction

Baseball NSW is proud announce that the Emerging Pathways Program is back, and registrations are now open. The Emerging Pathways Program is Baseball NSW’s youngest high-performance program where we begin to identify the high levels of talent that are present in junior baseball across New South Wales. This program will start to engrain the teachings of Baseball NSW, while enforcing the fundamentals of baseball, will seek to broaden and develop the skill sets of the players with drills that will continue to advance throughout the program. Our Emerging Program is targeted towards players who are turning or have already turned 12, 13, 14 or 15 years old in 2024.

The Emerging Pathways Program strives to enhance the skills of club and association-based players, with an emphasis on those who are being exposed to higher performance programs for the first time. Areas covered in the program include Infielding, Outfielding, Pitching, Catching, Hitting, and Base Running. Coen Wynne will direct and lead the Emerging Pathways Program and will be assisted by a pool of coaching talent who have experience at multiple levels throughout baseball including NSW State Team Coaches, State League Coaches, and Development Coaching Staff. The program will run from the middle of July to early September (see dates below).

We will be conducting the program at 3 venues across the Metropolitan area of Sydney –

**Northern** Golden Jubilee Field  
Esk St  
North Wahroonga.

**Southern** Riverside Park  
Riverside Drive  
Chipping Norton.

**Western** Col Sutton Reserve  
Baulkham Hills Rd  
Baulkham Hills.

## **Trials**

### **The trials for all 3 venues will be held at:**

Diamond 2, Blacktown International Sports Park (BISP),  
81 Eastern Road, Rooty Hill.
